**Number Nuggets in the King James Bible** Kevin Mann, 2019-10-17 The numbers in the King James Holy Bible have significant meaning that follow the number throughout the scripture The number 13 has always been an unlucky number The number 13 is the number that represents Satan evil wickedness devils and everything vile that is connected to them This book is a chronological account of the number of Rebellion in the bible from Genesis to Revelation The word THIRTEENTH is found to be the thirteenth word in a bible verse only one time at Esther 9 1 Now in the twelfth month that is the month Adar on the thirteenth day of the same The words thirteen and thirteenth appears 26 2x13 times in the bible There are 13 famines recorded in scripture There are 13 kings recorded from David to Zedekiah who went into Babylonian captivity 2nd Chron 36 10 The phrase the old serpent thousand years Jannes Jambres have 13 letters The Antichrist 13 letters who we know to be Judas Iscariot 13 letters is the one who betrayed Jesus 13 letters He is the coming to rule over New World Order 13 letters that is being set up currently by the globalists The Antichrist is the man of sin 13 letters spoken of by Jesus in the gospels and his final abode will be the lake of fire 13 letters A sample of the Revelation 13 18 a 13 with 3x6 the 66th book of the bible the 13th chapter and the 18th verse here we get the number of a man the Antichrist which is 666 the unholy trinity of man The word beast in sole reference to the person of the Antichrist 13 letters himself appears a total of 36 6x6 times in Revelation No coincidence The address 13 18 13 3x6 added together is 1 3 1 8 13 and 13 18 31 a 13 reversed the Antichrist is covered over with 6s 13s and their multiples Another infamous 13 18 is found in John s gospel see John is also the author of the book of Revelation and he records Jesus at the last supper quoting Psalms 41 9 and Jesus says He that eateth bread with me hath lift up his heel against me a direct reference to the betrayer Judas Iscariot 13

letters and the quote just happens to be 13 words in length see the nuggets in John 13 of this work to see other such coincidences as the scoffers would say In Genesis 3 15 we have the first recorded prophecy in the bible of the Devil s seed the Antichrist 13 letters and the address of Gen 3 15 is 3 15 18 666 The only use in the bible of the capital S Six is found in verse 18 and it personifies the number as you would capitalize a proper name     The Exhaustive Concordance of the Bible James Strong,1890     *Leviticus and Numbers* Roy Gane,R. Dennis Cole,2016-01-12 Many today find the Old Testament a closed book The cultural issues seem insurmountable and we are easily baffled by that which seems obscure Furthermore without knowledge of the ancient culture we can easily impose our own culture on the text potentially distorting it This series invites you to enter the Old Testament with a company of guides experts that will give new insights into these cherished writings Features include Over 2000 photographs drawings maps diagrams and charts provide a visual feast that breathes fresh life into the text Passage by passage commentary presents archaeological findings historical explanations geographic insights notes on manners and customs and more Analysis into the literature of the ancient Near East will open your eyes to new depths of understanding both familiar and unfamiliar passages Written by an international team of 30 specialists all top scholars in background studies     The Biblical Significance of Numbers Roger A. Hicks,2007-12-06     *How to Study the Bible* Watchman Nee,1999 The Bible is the inspired word of God and every believer should study it in order to know the rich and vast content of God s divine provisions When God speaks He does so through His established eord Therefore we must study the Bible in a proper way in order to let the word of God dwell richly in our hearts In order to study the Bible we first must be proper persons having passed through the necessary spiritual training under the Lord s leading and guiding We must also use the right methods Many good books have been printed on how to study the Bible but most pay attention only to methods of studying the Bible They do not pay enough attention to the person who studies the Bible Even with the right methods we can receive very little in our study of the Bible if Our person is not proper before the Lord     *Stromateis, Books 1-3 (The Fathers of the Church, Volume 85)* Clement of Alexandria,2010-04 Books One to Three of the Stromateis establish Clement s fundamental theology a harmony of faith and knowledge that places Greek philosophy at the service of faith which is to Clement more important than knowledge     **The Testaments of the Twelve Patriarchs** R. H. Charles,Rev. W. O. E. Oesterley,2018-09-13 An excerpt from the INTRODUCTION General Character of the Book The book purports to give the last words at the approach of death of each of the twelve patriarchs to his sons It is evident that the general idea of the book is based upon Jacob s last words to his sons as recorded in Gen xlix 1 27 Just as Jacob portrays the character of his sons and declares to them what shall befall them so in our book each of the patriarchs is represented as describing in some sense his own character and as foretelling what shall come to pass among his posterity in the last times From this latter point of view the book partakes of the character of a prophetic apocalyptic work In six of the testaments those of Reuben Simeon Judah Dan Naphthali and Joseph there is a certain correspondence between our book and Gen xlix regarding the characters of the

patriarchs as for the remaining six patriarchs no such correspondence exists      **Holy Bible (NIV)** Various Authors, 2008-09-02 The NIV is the world's best selling modern translation with over 150 million copies in print since its first full publication in 1978 This highly accurate and smooth reading version of the Bible in modern English has the largest library of printed and electronic support material of any modern translation      **Theomatics** Jerry Lucas, Del Washburn, 1977 Asserts that a mathematical design within the Bible in the original Hebrew and Greek provides proof that God did in fact write every word of the Old and New Testaments
